

WOODWARD & LOTHROP.

We have secured an excellent thing in an Unbleached Canton Flannel, which we shall sell at 10c. per yard.

There are nearly as many makes of Canton Flannel as there are colors in silks, and it is no easy matter to find out the best. The weight must be considered, the nap must be considered, the softness and fineness must be considered.

We give you the benefit of our experience in this Flannel, and do most conscientiously assert it to be the best value for the money we could possibly procure and consider it worth 12 1/2 c., and better than some makes now sold at that price. 50 pieces, 10c per yard.

The best 25c White Shaker Flannel we have yet shown is now ready, 27 inches wide, fine and close, yet heavy, 25c.

Most prominent as a genuine bargain in Blankets is a lot of 11-4 Extra Heavy Wool, at \$3.50 per pair; fully worth \$4.

The Demand is for "Ecu" Lace Curtains, and having received a new invoice, our assortment has never been more complete, nor the prices so low.

We have built up a trade in Muslin Underwear second to none in this city.

How? By using only the best Muslins, and having them made up by the best makers, where cutting, sewing, stitching and finishing is the foremost consideration.

We have, by close attention, improved our standard of quality in Underwear each succeeding season, without increasing the price. We would not, under any circumstances, lower this standard of quality, merely to meet competition, as slight eruptions upon the surface of trade fail to affect a business built slowly and surely upon the solid basis of best quality and lowest price. A new and large invoice of Underwear enables us to offer our customers what we pronounce to be unquestionably the best values possibly obtainable in this or any city. Our large distributing facilities command from the makers the best price possible at all times. We quote:

100 doz Ladies' Fine Muslin Chemise, with 4 clusters of 3 fine tucks, extra good cotton, worth 29c.

90 doz Ladies' Fine Muslin Drawers, wide hem, with cluster of fine tucks above, worth 29c.

105 doz Ladies' fine Cambric Corset Covers, finished with pearl buttons, nicely trimmed around the neck with Hamburg edging, finished seams, extra quality of cambric, worth 33c.

The lowest price yet named for a "cambric" Corset Cover.

The above are but specimens of the many bargains contained in this department, an inspection being necessary to give any idea how far your dollar will go.

See "National Republican" for Grand November Reduction Sale of Colored Wool Dress Fabrics. Lowest prices for similar quality.

GOVERNMENT GOSSIP.

Annual Report of the Judge-Advocate-General.

REFORM IN MILITARY TRIALS.

Fifty Volumes of "Rebellion Records" Ready for Publication.

TO-DAY'S APPOINTMENTS.

A Territorial Secretary and Three Surveyors-General.

PRESIDENTIAL CALLERS.

A Report That the District Appointments Will be Made on Tuesday.

The President to-day appointed: James A. Bayard of Maryland, to be secretary of Arizona.

Joseph C. Staughan of Indiana, to be surveyor-general of Idaho.

John Hise of Arizona, to be surveyor-general of Colorado.

George Frank Bayless, to be surveyor-general of the port of Port Jefferson, New York.

Edward R. Pierce, to be appraiser of merchandise in the districts of Portland and Falmouth, Me.

Robert A. Thompson, to be appraiser of merchandise in the district of San Francisco, Cal.

Christian Reis, to be assistant appraiser of merchandise in the district of San Francisco, Cal.

The President's Callers.—Secretaries Manning and Edgerton, General Drum, Commissioner Edgerton and ex-Minister Francis saw the President to-day.

The District Appointments.—The District Appointments are wearing smiles to-day over private information that they have to the effect that the President will announce the District appointments on Tuesday next.

Records of the Rebellion.—Colonel Scott, the officer in charge of the publication of the official records of the rebellion, recommends an appropriation for printing 6,000 copies of each of the first fifty volumes; also that the branch office for the compilation of Confederate records be continued for another year.

The District Marshals.—It was recently rumored this afternoon that General Farnsworth's appointment as Marshal of the District of Columbia was to be announced to-day. Marshal McMichael was asked whether he had heard this report and replied that he had not, and that he had received no information that an appointment would be made to-day.

Completing the Cruisers.—The Naval Advisory Board has prepared formal instructions to the naval inspectors on duty at each shipyard with regard to their duties in connection with the completion of the cruisers. These instructions are to be held the same relations to the Bureau of Steam Engineering and Construction and the Bureau of Naval Construction as the instructions that they have hitherto held to the contractor.

Judge Vincent's Departure.—Ex-Judge Vincent of New Mexico left Washington yesterday afternoon for Springfield, Ill., where he will be married to Miss Mary Vincent, daughter of the late Senator Vincent, who he addressed a long communication to the President, which he says, is a complete record of the case of the late Senator Vincent, who he addressed a long communication to the President, which he says, is a complete record of the case of the late Senator Vincent.

Treasury Department Changes.—The following-named persons have been selected for appointments in the Treasury Department: Silas L. Lupton of Virginia, for \$10,000; First Comptroller's office; James E. Thomas of Massachusetts and Joshua H. Clark of Kansas, for \$800 each; Sixth Auditor's office; Robert H. Cooper of Tennessee has been appointed a clerk of class one under Civil Service rules in the first Auditor's office.

Comptroller Maynard's Report.—Second Comptroller Maynard, in his annual report, says that the transaction of public business would be facilitated and the ends of justice promoted if the Government would impose a reasonable limitation of time within which all claims, either in favor of or against the Government, should be presented through the accounting officers. During the year 37,150 claims, amounting to \$10,187,488 were audited. An increased clerical force is asked.

The New Civil-Service Commission.—The commissions of Messrs. Edgerton, Tremblay and Eaton as Civil-Service Commissioners have been signed by the President and sent to the Commissioners. Mr. Edgerton will remain until Tuesday, when Mr. Tremblay will arrive and the Commission will qualify and the new Civil-Service Commission will be organized. Mr. Edgerton will leave for their respective homes to be absent for about two weeks each, and the regular duties of the Commission will be conducted by the Commission.

The Departmental Examining Board.—The reorganization of the Departmental Civil-Service Examining Board in this city is being talked of. The representatives of the various Departments on the board of thirteen members are all Republicans with the single exception of F. E. Storm of the Navy Department. This board in reviewing the papers of candidates for appointment have no means of knowing the names of the persons whose papers are presented, and there is no charge of favoritism or political discrimination, but there is a desire to have more Democrats on the board.

Military Trials.—Colonel Lieber, Acting Judge-Advocate General, recommends in his annual report several reforms in the administration of military justice, especially that feature of the system which combines in the Judge-Advocate General's office the functions of legal adviser and recorder. Various other reforms are alluded to of sufficient importance, the report states to justify the appointment of a board for their revision. During the past year there have been 3,811 general courts-martial, 674 courts-martial of deserters, 1,201 trials by regimental and garrison courts-martial, a considerable increase over last year.

The Oklahoma Boomers.—News was received yesterday at the War Department that a detachment of troops from Fort Reno had arrested a party of thirty Oklahoma boomers and driven them out of the Indian Territory. There are evidences that a new and very well organized effort is to be made to secure a foothold in the Indian Territory in spite of the watchfulness of the military and the positive prohibition of the civil authorities against such procedure. The force sent from Fort Reno, under Colonel Edwin V. Sumner, Fifth Cavalry, consists of troops B and C of that regiment.

EDITOR STEAD GUILTY.

A Verdict Returned After a Short Deliberation.

HIS SENTENCE DEFERRED.

The Judge's Charge Unfavorable to the Journalist.

LONDON, Nov. 7.—The Eliza Armstrong abduction case is drawing rapidly to a close. To-day the judge delivered his charge to the jury. He reviewed the testimony adduced, both for the Crown and the defense, and after quoting the law and its bearing on the case urged that a verdict strictly in accordance therewith be rendered. "Personal sympathies," continued Judge Lopes, "should not be allowed to enter the jury-box. Stead filled the *Poll* with filthy, disgusting articles, but this obscenity was not the crime for which he is now being tried. The only material questions for the jury to decide were: Was the child taken against her father's will? Did the mother sell Eliza to lead a life of immorality?"

The jury in the Eliza Armstrong abduction case retired at 3:40 o'clock. Before leaving the court-room the foreman requested that the judge allow them to discontinue the trial until the morning of the 18th, for the defendants, Mrs. Jarrett and Editor Stead, in case the jury concluded that Mrs. Jarrett had sold her daughter.

The jury returned at 6:40 p. m., and announced that they had agreed as follows: "First—That editor Stead and Mrs. Jarrett took the girl Eliza against her father's will."

Second—That the mother did not sell the child.

Third—That Brownell Booth and Mr. Jacques, the reporter of the *Poll* and *Gazette*, were not parties to the abduction. The jury then retired to consider the charge of the child being sold.

The judge announced that he would defer passing sentence upon the guilty ones until after the trial of the indictment against Messrs. Stead and Jacques and Mrs. Jarrett.

Mrs. Jarrett, charged with having committed indecent assault on the girl, Messrs. Booth and Jacques were acquitted of the charge of being implicated in the abduction.
